

TOP 100

Companies Held By
Our Members

The ranking of companies in the Top 100 and Top 200 lists is sourced from the actual holdings of clubs subscribing to the myICLUB.com club accounting portal for the calendar year ended Dec. 31, 2024. The Total Value of Shares Held by our community is derived from actual club holdings and the propensity for members to hold the same company stocks in their personal portfolios.

In 2024, stocks that were on last year's Big Movers list continued their climb up: Eli Lilly & Co., Palo Alto Networks, Broadcom, Taiwan Semiconductor, CrowdStrike and Vertex. BetterInvesting clubs are hoping to plump up their portfolio earnings with Novo Nordisk, the maker of weight loss drugs Wegovy and Ozempic, which jumped 29 positions, edging past Lilly, the creator of a similar injectable, Mounjaro. But while investors may hitch a ride to profits with Uber, the other Big Movers were pure tech plays, including the top two: Palantir helps governments and corporations analyze big data, while ASML's products aid chipmakers in their production process.
